

Papassorn Phopong

SENIOR SOFTWARE DEVELOPER

+66 95 809 9597 / spriten.papassorn@gmail.com / 📍 Bangyai, Nonthaburi · Bangkok Metropolitan Area

Senior software developer with 10+ years building backend services and full-stack platforms across fintech, enterprise, and education — deep expertise in Laravel / PHP and Node.js (NestJS, Express), microservices, clean architecture, event-driven systems, and complex third-party integrations.

EXPERIENCE

FORTH SMART CAPITAL Co., Ltd. — Senior Software Developer

Feb 2026 – Present

- **Loan Management System** — financial lending platform in PHP (CodeIgniter, Laravel) covering loan application processing, approval workflows, customer data management, and internal service integrations.

Digital Media Advertising Co., Ltd. — Senior Full Stack Developer

Apr 2025 – Jan 2026

- **HR Recruitment Platform (Ngern Tid Lor)** — NestJS microservices (BFF) with a ReactJS front end, PostgreSQL, and Kafka event-driven communication; code quality and security via SonarQube and OWASP Dependency Check, monitored with Elastic RUM.
- **Employee Evaluation System (NocNoc)** — internal performance-appraisal platform with Node.js (Express), MongoDB, MySQL, and EJS; modular evaluation flows, multilingual content, and HR / manager approval workflows.

Kanda Digital Co., Ltd. — Senior Software Developer

Apr 2021 – Mar 2025

- Delivered notification, CRM, and CMS platforms with **Laravel, Nova, and React.js — Message Center** (real-time push via Firebase / Expo, Gemini reporting), **Ampol Food** loyalty CRM, **Rangsit University** LDAPS portal with RBAC dashboards, and payment-integrated CMS (Omise, KBank, 2C2P).

At First Byte Co., Ltd. — Mid-Level Software Developer

Apr 2018 – Mar 2021

- **SCB University Application** — built on Laravel and MariaDB with SSO / OAuth login; registration, virtual cards, polling, reporting, data-lake processing, and RBAC.

Computer Systems Integration Co., Ltd. — Junior Developer & Intern

Aug 2015 – Mar 2018

- Built CMS and web platforms with **CodeIgniter and MySQL** for TISI, Kubota, and Thammasat University (Tupoll), plus a web-based online examination system with auto-scoring.

TECHNICAL SKILLS

LANGUAGES

PHP · TypeScript / JavaScript · SQL · HTML5 / CSS3 · Bash

BACKEND & APIS

Laravel & Nova · CodeIgniter · Node.js (Express, NestJS) · RESTful API design · auth (JWT, OAuth 2.0)

ARCHITECTURE

Microservices · Domain-Driven Design · Hexagonal (Ports & Adapters) · Clean Architecture · event-driven (Kafka)

DATABASES

MySQL · MariaDB · PostgreSQL · MSSQL · MongoDB · ORMs (Prisma, TypeORM, Sequelize)

FRONTEND & CMS

React.js · Next.js · Vue.js 3 · Tailwind · Strapi (content modeling, dynamic zones, REST / GraphQL)

INTEGRATIONS

Payments (Omise, 2C2P, KBank, Paysolution) · LINE API / LIFF · social login · push (Firebase, Expo) · OTP · SAP REST

TOOLING & AI

Docker · Git / Git Flow · Swagger · Postman · Loki · SonarQube · Claude, Cursor & Codex (custom rules / skills, subagent orchestration)

WAYS OF WORKING

Agile / Scrum · sprint planning · code review & security gating

EDUCATION

Bachelor of Business Administration in Business Information Technology — Rajamangala University of Technology Suvarnabhumi

GPA 3.15
